The meeting will start at 6:00 pm and a chair will be elected.

The chair will divide the room into sections for each Candidate's Supporters.

Candidate Supporters will have a chance to state the case for their candidate. People can then switch groups at this time.

A Candidate must have 15% of the participants in his group to be Viable. Candidates who are not viable on the first viability count are eliminated. Supporters may then join other groups.

When Candidates are determined to be viable, the chair will award delegates based on the number of supporters.

Delegates are chosen, and the results are reported to the State Party for final tabulation of the Nebraska Presidential Preferences no later than 7:30 pm
